

Project Exit

To exit the client from the Enrollment, enter the **Exit Date**, and select the **Reason for Leaving** and **Destination**. The system also allows you close out any Case Assignments you have with the client's enrollment, by clicking the check box you can help keep your case load more organized.

For Rapid Rehousing projects that collect the *In Permanent Housing/Residential Move-In Date* elements for each household, if any Head of Household is being exited to a permanent housing destination but has not yet been updated as being provided permanent housing prior to the exit, the system will provide an alert along with the ability to backfill the residential move-in date if warranted.
